

2010

you,
I heard you speak recently at St. Pius
in Owen Sound. I also passed a billboard
recently on Hwy. 60, West. Seeing the wonderful
image and hearing your message were both
an uplifting part of my day. I want to
thank you for the wonderful work that
you and the Catholics for Children organization
are doing with the billboard project.
I am certain that this project is
touching many lives and is an
effective means of reaching those
that are in need of assistance in making
a life-affirming choice.

Blessings to you and the Catholics for
Children Organization. Brenda Thomson
Program Coordinator
Opportunities for Life
