Floyds Knobs, IN 47119

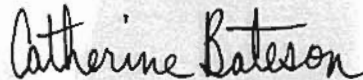

Dear Mr. De Friend,

I'm writing on behalf of Opportunities for Life to thank you for the ministry of Billboards for Life in Kentucky. Your efforts to promote a culture of love are a support to the ministry of Opportunities for Life and an encouragement to Catholics in the pro-life movement.

The outdoor advertising of Billboards for Life has been a great help to Opportunities for Life. By posting our helpline number on various billboards in Kentucky, women struggling with the issues surrounding pregnancy and abortion are connected with our trained phone volunteers; the billboards assure women in crisis that they are not alone and offer them hope. Through the shared efforts of Opportunities for Life and Billboards for Life, women and their children are given an option other than abortion.

Again, I thank you on behalf of Opportunities for Life for your faithful service to Christ through Billboards for Life. It is good to share the mission of building Christ's kingdom with co-workers like you.

With gratitude in Christ,

Catherine Bateson
