1/12/2011	Louisville	Jefferson	Billboards For Life	This man was walking on a street in downtown Louisville in 19 degree weather when he saw an OFL billboard. The billboard said "Before you were formed in the womb, I knew you." He loved the message & wanted to "Glorify God" by calling to thank us at OFL. He said that he's a member of Right To Life in KY and TN.
2/13/2011	Louisville	Jefferson	Billboards For Life	Saw billboard for PRC "before I saw you, I knew you in the womb" and is interested in receiving more info about abortion. Wants to know if info can be sent to him.
2/26/2011			Billboards for Life	I received a call from a gentleman, I believe a black muslim, that was giving his views of the billboards that are posted. He referred to our use of images, a European baby and brought up our praying in front of the abortion clinic. He mentioned that some were offensive. He used his beliefs (Islam and Allah) as a point of reference. I am speculating but I think he feels that the billboards do not address all people of different religions and cultures. He thanked for my time and hung up.

Opportunities for Life sent information about fetal development and abortion risks to the caller on 2/13/2011.
